HALF DAY (1-5 HOURS)	\$250
HOURLY RATE	\$100

The studio offers a comfortable, professional shooting environment for both video and still photography.

The studio is outfitted with a large, infinite cyc wall with available backdrops. Flip a switch and the cyc is flooded by even lighting thanks to ceiling-mounted, gridded tungsten lights. The entire room has also been sound-reinforced to fully accommodate video shoots with audio.

Head straight into the studio through a private entrance, and feel free to help yourself to the use of the wifi, 65" TV, and printer / scanner. Or grab a bottle of water out of the fully-stocked refrigerator. Collaboration or just taking a breather is easy thanks to two leather couches and chairs in the back portion of the room. They're easily moved, if another angle or more space in the room is necessary.

A makeup room with a lighted mirror, a separate dressing room and separate bathroom are all at your disposal.
